

This technical drawing is an exploded view of a mechanical assembly, showing various components and their assembly sequence. The main assembly includes a central shaft (11) with a flywheel (5) at one end. The shaft is supported by bearings (12, 13) and has various couplings and seals (4, 6, 7, 8, 9, 10, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37). The diagram also shows two detailed insets at the top right, which provide a closer look at specific sub-assemblies, including a pump head (7) and a valve mechanism (8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37).
